SYNOD MINUTES (2018-2019) REVIEW

There were no exceptions made. Here we include the comments:

Synod of the Covenant

2018

No Exceptions

Comments

1. Attachments were identical to what was found in the minutes.
2. Consider finding another way to indicate attendance in the minutes. Using an X on the page is difficult to interpret.
3. Very little time is scheduled for worship during stated meetings.
4. Often there was no Old Business which meant there was no continuity of follow up with previous items of business.
5. The names of leadership seemed to appear year after year while many positions remained vacant.
